

1/03/2018 TVBP MINUTES

Tierra Verde Business Partnership President Hunter Grose called the first meeting of the new year to order at 8:08 a.m. at Island Grille. Thirteen members were in attendance.

Grose explained that Bob Mueller is too busy with his jobs to head the Car Show on March 31, the day before Easter. So the idea of a spring concert is being floated around. The TV fire dept. could provide the stage and some of the musicians could be gleaned from the Island Grille's own lineup of nightly entertainers. TVBP also has members with musical connections.

Grose already heads Oktoberfest so TVBP would need someone to step up and lead the spring concert effort. This will be discussed at the upcoming TVBP board meeting.

A big turnout is expected at the next TVBP lunch to be held at 11:30 a.m. at Tampa Bay Watch on February 7. And then an evening March social will also be held at Tampa Bay Watch on March 7.

TVBP speaker was Andre Lusink who brought an array of interesting tech products for the home and office. Lusink has been in business for 25 years and while his Sound Vision Solutions company has many services and items, he's known for his home theater plus video and sound work.

In concluding announcements, Grose thanked everyone from Gaye Wurzbacher for volunteering for the December Tree Lighting. TVBP directories were mailed in December. And the March ad insert is set to happen. The meeting adjourned at 8:55 a.m.
